CELEBRATE THE LAUNCH

Opening Events

Join us Saturday, July 13, 2019 at the Computer Museum of America (CMoA) to *Celebrate the Launch*, an experiential evening of immersive and interactive entertainment in preparation of the Grand Opening. Guests will enjoy innovative and original cuisine stations provided by Talk of the Town Catering & Special Events.

Special guest speaker

We are honored Dr. Sandra Magnus, NASA Astronaut, will celebrate CMoA's launch with her inspiring insights. Dr. Magnus flew in space on the STS-112 shuttle mission in 2002, and on the final shuttle flight, STS-135 in 2011 having spent 134 days in orbit.

Mission

The mission of the Computer Museum of America is to preserve examples of the computing artifacts that contributed to the digital revolution, to catalog these historically important artifacts, and record their surrounding history. With a goal to ensure these assets are available for study, for exhibition, for education, and to encourage economic and vocational empowerment.

An investment in the Computer Museum of America

will offer the public access to technology information, tools, and become a source of inspiration. Funding will help provide dynamic exhibitions, educational development, and community engagement.

Together we will become a powerful cultural and economic resource empowering the widest possible audience.
